Sr. no.	List of experiments for practical exam
	 <p>The screenshot displays a Jenkins pipeline execution. At the top, there is a search bar and a 'Deploy' button. Below, the console output shows four steps: 'Checkout SCM' (1.6s), 'Build' (31ms), 'Test' (28ms), and 'Deploy' (26ms), each with a green checkmark. To the right, a dropdown menu shows 'Deploying build...' with a sub-item 'Deploying build...'. At the bottom, a pipeline graph shows the sequence: Start -&gt; Checkout SCM (checked) -&gt; Build (checked) -&gt; Test (checked) -&gt; Deploy (checked) -&gt; End.</p>
